

## **Why Join The Montford Point Marines Association?**

**<http://www.montfordpointmarines.com/>**

**The good news to belonging to our association is networking with your peers. Not only does it provide the opportunity to meet individuals who share a common interest; it can also spark the beginning of a new friendship. After all, one can never have too many friends and contacts in the Community.**

**You may ask yourself, why should I join an association such as the Montford Point Marines? You probably don't have time to bother with that sort of thing. Our lives are hectic enough already, there just doesn't seem to be enough time. The reality of it is, time spent bettering yourself or your Community is time well spent, and membership dues are but a drop in the bucket for what you get out of our association membership. Whether you are a Veteran or a friend, our association benefits everyone. There's no discrimination all service Veterans welcome.**
